

PREPARING FOR EMERGENCIES WITH DIGITAL LEARNING

What if your school has to close for an extended time due to a natural disaster or illness? Is your school prepared to offer educational opportunities in the event of an emergency?

Internet Options for Home Users

Access from AT&T: AT&T offers low-cost wired home internet service to qualifying residents who participate in SNAP. Service options range from \$5 – \$10 per month.

Cox Communications, Connect to Compete: Cox provides home internet for \$9.95/month for families that have a K-12 student and receive government assistance.

CenturyLink: Discounted Home internet service for \$9.95/month.

Internet Essentials from Comcast: Comcast offers internet service for \$9.95/month to households that have at least one child who qualifies for the National School Lunch Program.

Spectrum Internet Assist: Qualified households can receive high-speed 30 Mbps Internet with no data caps and in-home Wi-Fi for an additional \$5 per month. A member of the household must be a recipient of the National School Lunch Program (NSLP) or Supplemental Security Income (≥ age 65 only).

Sprint 1 Million Project: The project aims to help 1 million high school students who do not have reliable Internet access at home by giving them mobile devices and free high-speed Internet access.

T-Mobile EmpowerED 2.0: The EmpowerED 2.0 program aims to narrow America's digital divide by providing wireless devices and service plans to eligible schools and their students.
