PREPARING FOR EMERGENCIES WITH
DIGITAL LEARNING

What if your school has to close for an extended time due to a natural disaster or illness? Is your school prepared to offer educational opportunities in the event of an emergency? Below is a list of both online and offline resources as well as important considerations to help schools get started.

ONLINE OPTIONS

G Suite
G Suite has many tools that can be utilized to create, collaborate and share content and resources online with students.

Hyperdocs
HyperDocs are digital lessons for students created for engaging, inquiry-based learning.
HyperDocs Lessons
HyperDocs Templates

Nearpod
A tool to create interactive lessons or choose lessons already created by other educators. Nearpod can be synchronized across all student devices.

Virtual Arkansas
Virtual Arkansas is the state's virtual school. Teacher-led or content only options available Grades 7-12

Wifi on the bus
One approach to provide students fast broadband while traveling on the bus. Park buses strategically at community locations in your district to provide students local internet access.

Zoom or other video conferencing options
Easy and reliable cloud platforms can be used for video and audio conferencing. Platforms have tools for collaboration, chat, and webinars across mobile devices, desktops, telephones, and room systems.

OFFLINE OPTIONS

Electronic Devices
Prepare a plan and policy to send devices home with students that have internet access. Have offline content loaded on devices for students with no internet access.

Google Docs, Sheets, Slides
Google Docs, Sheets, and Slides have the ability to let you create, edit, and view files offline. For additional help visit http://bit.ly/OfflineGoogle.

Hyperdocs
HyperDocs are digital lessons for students created for engaging, inquiry-based learning. Many resources can be downloaded to devices or printed for offline use.

Nearpod
A tool to create interactive lessons or choose lessons already created by other educators. Nearpod can be saved as a pdf for students to access the lesson.

Submitting Assignments
Create a plan of action for offline students to submit assignments (i.e. mailing, dropoff location).
